In March 2022, Patient Safety & Quality Healthcare (PSQH) surveyed healthcare leaders and professionals about nursing’s role in organizations, opportunities for growth, and impressions about workplace violence. Here’s a look at the results.

**2022 NATIONAL NURSES WEEK SURVEY**

**HOW CAN YOUR ORGANIZATION HELP STRENGTHEN NURSING’S ROLE IN QUALITY AND PATIENT SAFETY EFFORTS?**

- **72%** More education and training
- **64%** Mentoring from leadership
- **42%** Increased emotional support
- **39%** More leadership opportunities

**BEYOND COVID-19, WHAT ISSUES SHOULD YOUR ORGANIZATION FOCUS ON MORE GOING FORWARD?**

- **53%** Care transitions between settings
- **22%** Diagnostic errors
- **17%** Dealing with the opioid crisis

- **89%** Staff retention

**HOW CONCERNED ARE YOU ABOUT WORKPLACE VIOLENCE IN YOUR ORGANIZATION?**

- **31%** Very concerned
- **43%** Somewhat concerned
- **26%** Not concerned
