hcpro | *PROPEL* Coding

Take Your Coding Program to New Heights with *PROPEL*

HCPro's *PROPEL*Coding membership keeps your coding team proficient, ensures they are attuned to code and guideline changes, and offers continuing education credits to help your team maintain their certifications. This customized education solution is designed to help healthcare leaders deliver consistent training, achieve compliance, and maximize efficiencies across their coding teams.

How can *PROPEL* help your organization?

- We keep your staff current on the code, guideline, and guidance updates, translating the information into actionable items for you and identifying what to share with your team. You can block out the noise and leave it to us to tell you when action is required.

- We provide consistent, trustworthy training created by our team of reputable coding instructors to help you master coding guidelines and documentation rules, whether it's for ICD-10-CM, ICD-10-PCS, or CPT/HCPCS codes.

- We give clients unlimited access for their entire staff to all PROPEL resources, meaning you can easily add staff to your membership as your team grows.

- We can report on staff's progression through our professional development online learning courses designed specifically for coders across all settings.

- We deliver all education virtually, so staff can access training from anywhere at any time.

- We provide continuing education credits so your staff can maintain certifications.

- We help solve your top challenges by providing custom educational sessions and an ask-the-expert email hotline.

PROPEL Benefits:

On-call hours with regulatory experts

We have the industry's most knowledgeable regulatory specialists on our staff, and you have exclusive access to their wealth of knowledge.

An extensive portfolio of training resources

From webinars to online training modules to virtual tools and resources, our blended learning solution leverages multiple instructional formats to meet your team's learning needs.

Focused and timely updates regarding industry change

We stay on top of breaking information and deliver it to you in clear, manageable bites.

Custom reporting for administrators

Keep track of member call participation, training completion, and more to ensure your staff is engaged in training.

Guidance sourced to government-issued guidelines

As you navigate the regulatory landscape, we arm you with the knowledge you need to make informed decisions that are compliant with regulatory and accreditation bodies.

Easy-to-access educational platform for all of your staff

Staff can log on to our web-based platform and find all their *PROPEL* training and resources regardless of where they may be working from. Unlimited access to the *PROPEL* resources means you can easily add staff as your team grows.

What's included with *PROPEL*Coding

Monthly hour-long webinars presented by HCPro's coding experts that keep staff aware of the latest code and guideline changes

- ICD-10-CM/PCS annual update
- CPT annual update
- Quarterly *Coding Clinic* updates (4 per year)
- Quarterly *CPT Assistant* updates (4 per year)
- Two custom webinars on topics of your choice

Teamwide access to JustCoding Platinum

JustCoding.com is the continuing education destination for coding professionals. Earn at least 24 AAPC, 24 ACDIS, and 48 AHIMA credits per year! Access includes: in-depth articles on coding topics and CMS updates, a clinical conditions encyclopedia, webinars, tools and resources library, and much more!

On-call access to our coding experts

Are you struggling to figure out how to code a challenging case? Use our email hotline to submit your toughest coding questions to our team of experts, and receive a response back within a few business days with an explanation of how to code the case and links to applicable guidance and source authorities for future reference.

Teamwide Access to the JustCoding Essential Skills Online Learning Library

These courses offered virtually through our Learning Management System help train staff on the basics of each coding system and other conditions and procedures. Each library offers AAPC, AHIMA, and ACDIS continuing education credits.

Teamwide Access to JustCoding PRO—the single online resource for your coders' CDI needs

This online resource provides ICD-10 and E/M coding requirements for inpatient and outpatient settings. It also walks through diagnostic criteria as well as official coding guidelines and documentation requirements so that you can accurately validate and code your most common diagnoses.
